WEB DEVELOPMENT EXPERIENCE

May 2018 - Aug 2018

General Assembly | Web Development Immersive
- Trained in a wide variety of programming languages in a 12 week, 500 + hour immersive program.
- Covered both front-end and back-end development skills from basic fundamentals to best practices.
- Created full-stack applications both individually and with a group.
- Learned and became very familiar with Git/Github and version control.

FEATURED PROJECT: Joke Book
- Built an entire front end client using Javascript, JQuery, HTML 5 and CSS.
- The client app connects to a full API through Heroku and was built using Ruby on Rails. The back-end uses a one-to-many table system and can authenticate users having them sign up and sign in. It also allows users to create, update, delete and view jokes in the Joke Book.

OTHER PROJECTS:
- Top Shelf Board Games
- Tic-Tac-Toe EXTREME

ADDITIONAL WORK EXPERIENCE:
Aug 2015 - June 2018
Verizon Wireless | Solutions Manager
- I managed and maintained Verizon Wireless locations in Mansfield MA, North Attleboro MA and Warwick RI.
- Managed a team of 16 Solutions Specialists to help reach and exceed monthly and daily sales goals.
- Performed opening and closing operations including cash management, inventory audits, conducting and running conference calls, morning and afternoon strategic huddles and setting daily and weekly goals.
